Joshua "Cuties" Face Yucca Team Sunday

Desert Diary

By R. B.

Bill Kramer — known to some as "the Hermit of Rattlesnake Gulch" — has lived in his little cabin up in Burns Canyon for 18 years. He came out to the high desert country 18 years ago to die when doctors told him he had but six months left to live.

Now, well up in years, Bill figures he'll leave the little spot in the canyon that brought him back health and happiness and move to a location where medical attention is closer at hand.

Early Sunday morning H. Allen Smith, the New York author, Wes Hudman of Pioneertown, and the writer, jeeped over the rugged terrain to Bill's little hide-out which he calls "Sleepy Canyon Cabin." It is situated about 22 miles to the northwest of Joshua Tree at an altitude of 6200 feet. Bill loves it there. "It has the flavor of the desert and the mountains, too," Bill told H. Allen Smith who was out on an assignment for Saturday Evening Post.

Bill came out to pick his spot to spend his last days, but the country revitalized his lungs and body and made him strong enough to build his own cabin. In this lovely spot he lived happily, away from the city. He read volumes of good books, built his own conveniences, wrote poetry and many letters. His cabin has always been open to many visitors who observe the code of the hills. He has been to Los Angeles only once in the last 10 years, that being last summer.

Living alone except for a pet dog and cat, Bill sometimes passes several days in which he sees no human being. He feels he must now get closer to a doctor, gives this as the only reason for leaving his little Shangri-La — if he leaves!

Lions Club Has Change of Name

A change of name to the Yucca Valley Lions club from the Tri-Valley Lions was announced this month by the service organization's publicity office. President Charles Watkins said that future plans call for making the club the "most active service club in the valley."

A family picnic for the Lions and their families is slated for Sunday, July 24th, at Hidden Valley. Games and races for the children are on the program and dinner will be at 6:30.

Members and guests of the club enjoyed a steak barbecue at Sam Lafferty's last Thursday at which plans for the year were discussed. Guest speaker was Deputy District Governor of Lions, Bob McCowan, Twentynine Palms.

SHARP SHIRTS

The Joshua Tree women's bowling team looked right-sharp last Tuesday night, donning their new shirts in league competition at the Pioneer Bowl. Incidentally, the D-J Sports Center is one of the five sponsors of the team. Don and June Houghton were a bit miffed at us for leaving them out of the list last issue, so we beg humble pardon.

Film Company Making Pony Express Serial in Pioneertown; Has 100 People

PIONEERTOWN — A cast and crew numbering 100 persons from Columbia Pictures is now engaged in filming a western serial, "Cody of the Pony Express" in Pioneertown. Shooting started last Friday by Sam Katzman Productions and will continue until July 23.

On July 23 when Columbia moves out, the next Cisco Kid company will move into Pioneertown to begin work on "Robin Hood of Sin City," according to Mel Marks, assistant to Producer Philip Krasne.

Some 35 members of the company are being housed at the Hat Rack, Lombardo and Colorado motels in Yucca Valley and boarded at Bouchey's for breakfast and dinner. The majority of the cast and crew are being housed at the Townhouse in Pioneertown and the Rimrock Motel. The Golden Stallion is feeding them. Twenty-five additional persons arrived here Monday to complete the company.

Heading the cast are: Leadman, Harold Pann; Dickie Moore, well known child actor of several years back, as Cody; and Jack O'Mahoney, the "blond giant." Tom London, one of the 18 co-founders of Pioneertown, is also in the cast. Others from Pioneertown included in the cast and crew are Wes Hudman, Scotty Watt and Royal Lowe.

Location shooting takes the company to such scenic spots as Devil's Gate, Chapirosa Springs, the Skyline Ranch, and the Rush Ranch.

Town Meeting Thursday

A community meeting featuring a community sing is scheduled Thursday evening, it was revealed by Mrs. Gus Ojala, president of the Women's Club. During June, July and August the meeting date is the second Thursday in the month rather than the first and third Tuesday in each month, the regular meeting times.

POWER REPRESENTATIVE

Miss Marjorie Burns, home economist in the service department of the California Electric Power company, was in Joshua Tree last week during a 3-day field trip through the valley. She called attention to her firms' customers service and urged those having electrical appliance problems to contact the 29 Palms office.

O'HARA IMPROVED

J. O'Hara, Joshua Tree real estate man, is much improved following two operations at the Redlands hospital. Mr. and Mrs. George Bloom visited him yesterday and said he was expected to leave the hospital today. He will stay in Redlands near doctor's care.

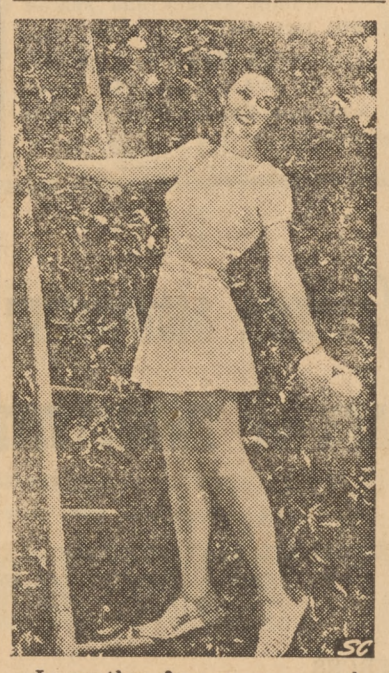
Square Dancing Started Here

Square dancing every Saturday night at the Sportsman's club is on the social calendar for the rest of the summer. Doc Fairbanks and Bob Garry are pushing the program and Jim Shearn is reported to be lining up instructors for holding beginners classes on Wednesday evenings. Price of admission has been cut to 75 cents for the dances Last Saturday a lot of fun was had by those who turned out.

California Now 3rd Poultry State

Rancho Sun Valley turkey raisers are among the California poultry growers that have moved California to third place in the nation's poultry sttaes. Poultry producers, including turkey growers, finished 1949 with an income of $193,478,000, second only to Pennsylvania and Iowa.

Nearly every phase of the poultry business in California showed a marked increase during 1948.



In another four years, according to Howard F. Lochrie of Birds Eye frosted foods, few women who want orange juice for drinking purposes will go to the trouble of carrying oranges home from the neighborhood store.

"Every day," explains Mr. Lochrie, "more women are learning the many advantages of the 6-ounce container of orange juice concentrate. They've learned, for example, that the concentrate eliminates the need for space to store a dozen oranges. It also does away with the time-consuming job of cutting and squeezing oranges. Eliminated, too, is the messy job of garbage disposal. In addition, the use of tree-ripened oranges in frozen concentrate assures the best in natural flavor."

Local Belles Trounce Pioneertown Cowboys Despite Their Ropin' Tricks

Blossoming out with lipstick galore, painted eyebrows, and plenty of curves, a bevy of 12 Joshua Tree "Cuties" in long dresses, short dresses, and practically no dresses, slapped down a band of Pioneertown Cowboys in a softball-wrestling match witnessed by 200 here Sunday night. The score was 23 to 10 in the fourth inning when the tired cowboys yielded to the local lassies and went home.

The comedy game was staged by the Sportsmen's club to raise funds for the Joshua Tree Ambulance association's new ambulance. A collection of $28.50 was donated by the crowd.

Next Sunday night the Joshua Cuties will tangle with the Yucca Valley Old Women's team. The following Sunday another game is slated with 29 Palms. The local belles explained yesterday that there would be more baseball and less horseplay in the next two exhibitions.

The fans seemed to enjoy the antics of the cowboys and the ladies. The cuties found themselves being roped from behind by the cowpokes as they ran the bases, often tumbling in a heap as a rope looped around their necks. Highlight of the show was a shotgun wedding involving "Claudia" Irwin and Tom London, long time western movie actor known as the "sheriff," who is now on location in Pioneertown. The groom — somewhat reluctant — had to be roped by one of his own buddies and brought before Marrying Rev. Ed Wilson as the crowd howled delightedly.

Monty Norris pinch-hit for Meredith Willey at the loud speaker system and turned in a good job. The P. A. system was provided at no cost by Radio Doc McKittrick of of 29 Palms.

Before the last inning the "Cuties" paraded their charms and the Pioneertowners selected "Buddina" Lisby as the beauty queen for the night.

Members of the Joshua Cuties included: (with appropriate amended first names)

"Claudia" Irwin, "Huberta" Aldridge, "Augusta" Ojala, "Harriet" Wheeler, "Fantana" Cook, "Gracie" Krumcke, "Earline" Stacey, "Buddina" Lisby, "Charlotte" Brown, "Thomasita" Weeks, "Wilhelmina" Longshaw and "Alice" Allen.

From Pioneertown came: Ed Moon, Jr., Dooley Newton, Joey Tunstall, Tom London, R. Brown, Ivan Wiltse, Red Johnson and a couple others who wouldn't come out of the bushes when they saw the rough competition in gay color waiting on the field at game time.

Cop Wants Out — Prefers Turkeys

Raising turkeys seems to be the answer to his problems for Police Officer Jospeh E. Cox of the torn asunder Los Angeles police force. Cox, now serving in the rehabilitation detail, figures to rehabilitate himself by retiring and joining his brother on a turkey ranch. He applied for retirement to become effective in August.

Film Short About Bill Pace Ranch

YUCCA VALLEY — Bill Pace's "Bucking Horse Ranch" is featured in a new Jerry Fairbanks Unusual Occupations short subject now showing in Los Angeles theatres. Name of the short is called "Talking Turkey."

Cubs May Lose Marble For Year

Fred Marble may be lost to the Joshua Cubs for the rest of the season due to a recurring leg ailment. The ace pitcher said he would have medical attention soon which would decide whether or not he can finish the season. He cannot run with his leg in its present condition he said.

The Cubs took a 16 to 7 beating at the hands of the High Schoolers last Tuesday and prepared to take Kenny Drugs again as the Journal went to press. Loss of Gordon Pifer and Carl Miller will further hurt the Josh team for the balance of the season.

In last week's game comedy relief was furnished when Bob Garry went in to hurl the last inning for the Cubs. He fanned three batters, walked four men which allowed one run, but gave up no hits as he baffled the high boys with a tantalizing slow ball.

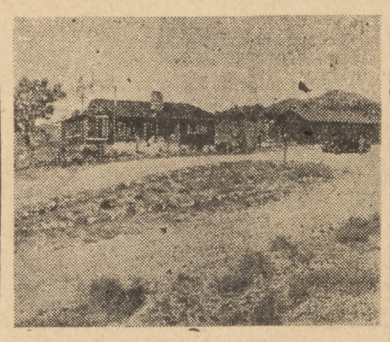
But Who Gets Hit?

Lowly Philosophy

By JUNE LeMERT PAXTON



THE JOSHUAS

AN ILLINOIS DAY COMES TO A CLOSE

It is evening. The deepening dusk brings relief from a hot, sultry day. Huge maple trees — years old — line each side of the street and partially enclose the aristicratic-looking homes of long-standing. The town-clock chimes out the hour from the belfry of the old court house; Rushville has passed its century mark.

From the quiet, comfortable porch here in my sister's home, I watch with interest the fire-flies darting here — then there. Woeful sounds of mourning doves in the distance tend to give me a lonely feeling. Like a friend, a verse fro mone of my old poems comes in and says:

Night falls so softly o'er the land;
And in the night I need Thy hand.
I need Thee, God, both morn and night;
Keep me, Thy child, within Thy sight.

Welcher Sets New Pin Record of 267

Orville Welcher, ace bowler of Yucca Valley, set a new record for the Pioneer Bowl alleys Saturday night by blasting the pins for a 267 score. He formerly held the record with a 256 mark.

Welcher scored strikes in his first two frames, then spared in the third. He then followed with seven straight strikes and spared on his last two free rolls, thus marking every frame and striking in all but two frames. To prove he wasn't kidding he rolled another game and posted a neat 239 score.

The Personal Touch

A chili supper was enjoyed at Indian Cove by the Bob Larsens' and the Bob Garrys' last Wednesday evening. Also picnicking at the cove were Mr. and Mrs. B. B. Wilds.

Nancy Bibbens was taken to the county hospital Thursday with gangerene of the foot. The local ambulance with Bud Lisby driving provided the transportation. Her husband, Frank Bibbens, was attendant.

Mr. and Mrs. A. E. Hewitt, son Jimmy, and friend, Ray Morris, arrived here last Thursday and spent the week-end. The two boys made test runs with their racers in practicing for the L. A. Soap Box Derby. Jimmy won second prize last year in the "B" Division, winning a medal and radio. The grand prize this year is a four year college scholarship. The finals will be held at Akron — here's hoping our boys get to go. The Hewitts stayed at the LeOrra Courts while here.

Mr. and Mrs. D. R. Allard of Duarte, Calif., visitors for the day, own property, and are frequent visitors of the Desert Area.

The circulation department of the Journal seems to be jinxed. Margret Bair fractured her ankle shortly after she had taken over the job of mailing out the Journal. Betty Dutton then came in to help out and learn the job and presto, she gets sick and is taken to the hospital. Incidentally, Steve Moninger helped out last week. Friends will be amazed to hear Steve stayed put for more than 5 minutes!

Lois Clarke is spending her vacation in Joshua Tree. She reports that her sister Jo, who spent several weeks here earlier this year, is now back in New York where she will soon return to her position with Macy's department store as interior decorator.

Mrs. Esther Wheeler of Los Angeles and Mrs. Lydia Sharp, Bakersfield, sisters of John L. Duncan, were guests at the Duncan home over the week end.

Sun Valley Notes

Chuck Mayfield attended the recent Indian pow-wow at Flagstaff, Arizona, and took a number of color shots of the colorful tribal dances. He reports meeting the Joseph Wasserburgers of 29 Palms at the celebration and claims that it was an interesting trip. He also visited the Grand Canyon.

Virginia Hearling recently bought the old Joshua Tree ambulance. Sunday night she brought a load of people up to the ball game from the turkey town.

Mrs. Leona Matz and granddaughter Jeannine of Bell Gardens, will spend two weeks at the Perry Dutton ranch.

Bob and Dorothy Wade, Rancho Sun Valley property owners, came up last week to spend a few days away from the city.

The Halstads of the Kroes-Halstad ranch, are vacationing at the Whitlow Cottages in the Joshua Monument.

Pioneertown News

Russ Hayden, president of Pioneertown Corporation, started work in the movies again after a long absence away from the cameras. He plays a "heavy" role for the first time in "Deputy Marshall" a Jon Hall and Frances Langford feature.

Paul Wiley and his Tennessee Valley Boys, Indio radio entertainers, start a series of Saturday night dance engagements at the Silver Saddle, outdoor dancing spot in Pioneertown this Saturday.

Frank Gee and Henry Jew at the Golden Stallion are busy as beavers feeding the Columbia cast and crew. Henry brought back some of his Chinese staff from San Francisco to be able to care for the group during their 16 days shooting schedule.

Some of the townspeople are getting plenty mad at continued violations of the "no cars on Mane Street" rule. Rules, apparently, mean nothing to some people.

Yucca Valley Noches

Pretty Irene Tunstall — minus a ring on her finger — has moved to Huntington Beach to live with relatives and seek employment for the summer.

Perry "the Fiddling Barber" has opened his barber shop at Harry's Place. Among other things he is an expert shear sharpener.

Jim Hoffman of the Hi-Way Garage is at Sawtelle hospital in Santa Monica for a month or two to get treatments from the Veteran's Administration.

Bob Stephenson took a group of his Yucca Boy Scouts to San Bernardino last Saturday to attend an air show.

Louis Cantz is back from a fishing trip to Catalina. His wife, who took ill while he was gone, is feeling much better.

Barney Copley's new house is coming right along and he is now helping Martell Ferris with his new house on the west side of town.

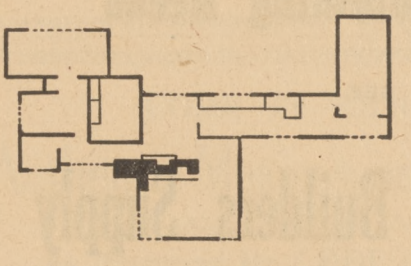
Plan for Telephones
When Planning Your New Home


Mark on your Plans the locations for Telephone outlets
New homes today combine beauty and utility in an amazing manner and much thought is given to the little details that help provide the utmost in comfortable living.
The locations of telephones are details of great importance and should be blocked out before your house is built. All you have to do is mark on your plans where you want your telephones to be and then ask your builder to make provisions for concealed wires. A few sections of pipe or tubing will carry telephone lines to built-in outlets and these "raceways" will keep unsightly wires from marring walls or woodwork.
Planned telephone facilities make for neatness and convenience.
CALIFORNIA WATER TELEPHONE COMPANY
California Water & Telephone Company

Morongo Valley Notes

BY ELIZABETH THOMSON

Mrs. Alice Kingsley has returned from a week's trip to Los Angeles and Long Beach where she visited friends and relatives. She reports that highlights of her vacation were a large family reunion in Long Beach and a trip southward along the coast to Mexico, with stops at Coronado and Tia Juana. Upon her return to Morongo she had visitors from San Francisco waitiing her. Mr. and Mrs. Albert W. Vincent spent almost a week in the Valley and returned home singing praises of desert life.

Mrs. Al Weir has the most interesting visitor. She is Princess Rainbow, a Mohawk-Sioux Indian whose great-grandfather was Chief Yellow Cloud. One of her great-uncles was Sitting Bull. Princess Rainbow travels extensively and spends much of her time working with the government in compiling information on history and custome of our native Americans.

A delightful luncheon for the ladies of Morongo was given last Wednesday by Mrs. Kenneth Forbes.

Mrs. Ruth Hale has been spending the past week in Pasadena.

A charming visitor in our midst is Mrs. Lord, sister of Mrs. Edith Boutwell. Mrs. Lord, whose home is in New Jersey, has been spending the past winter in California and will be with her sister in Morongo for the remainder of the summer. She is an artist and is occupying much of her time painting scenes in and about Morongo.

Word has been received that Mrs. William Norton has arrived on the east coast after a pleasant cross-country drive with Mrs. Bea Staniforth. Mrs. Norton stopped over in Cleveland to spend the Fourth of July with her nephew and his family, son of the Kenneth Fobes.

Miss Pat Fobes, of Pasadena, who is visiting her family the Kenneth Fobes, has been busy the past week entertaining their house-guest, Mr. Eddie Conn, of Pasadena, and a pre-med student at U.S.C.

Friends in Morongo were happy to hear last week that Lola Hamilton had returned from the hospital. Best wishes for a speedy recovery, Lola.

The Teen-Agers who are raising money to go to camp will have another bake sale on Friday, July 15. It will be held at the stand beside the Morongo Post Office. Any donation of baked goods will be gratefully accepted. Remember to patronize the sale on Friday and help our girls in their worth-while venture.

A community covered dish supper, sponsored by the Volunteer Fire Dept. was held on the grounds of the Community Building last Friday evening. After a wonderful supper, attended by over seventy-five members of our community, Chuck, our Fire Warden, gave a very fine talk on fire prevention, asking for the cooperation of all in cleaning up local fire hazards. Talks were also made by Gene Cubut, president of the Fire Depts, and by Jimmie Freeman, Fire Chief, asking for contributions from the Valley for necessary new fire-fighting equipment. A spirited Dutch Auction followed the talks and the evening ended with a community sing. Let's have more of such get-togethers.

We wonder how many of us would have as much "intestinal fortitude" in an emergency as Marie Angel? One night not long ago when the Angels were notified by the manager of the Telephone Company that the Joshua Tree telephone had been robbed again and that the bandit might be coming their way, Marie took pencil and paper as ammunition and hid in her car parked between the Cafe and the garage, right beside the telephone booth. She knew what kind of car to watch for as the Angels had almost caught the thief on a previous visit, but had been unable to get his car license. She didn't have to wait long before a car quietly coasted to a stop in front of the telephone booth, and while the bandit was weilding his hammer to break open the cash drawer Marie walked around to the rear of his car and wrote down his number. At that moment Martin Angel stepped out of the Cafe confronting the man as he backed out of the both, money in his hands. They didn't try to hold him, knowing that was a job for the police, but called Palm Springs police immediately so all roads out of the valley would be blocked. Fine work, Angels — you certainly deserve that reward.

Tunstall Opens 76 Gasoline Service

Clay Tunstall of the Hi-Way Garage in Yucca Valley inaugurated his service of Union Oil products at his garage at the east end of the community Saturday. Two new pumps have been installed and 24 hour emergency service will be available, Tunstall said.

HOTTEST DAY

Sunday was the hotest day of the year in Joshua Tree when the thermometer at the lumber yard registered 108 degrees.

Are you doing your part? Others are. Be a depositor in the Joshua Monument National Bank.

Calling Dr. Killcare

"Hurry, Doc . . . You're wanted in Surgery. Bring all your tools . . . man wants us to cut his operating costs, saw his service charges in half . . . . relieve his engine congestion . . . put that old new-car pep, pull and power back in the car."

He's come to the right hospital—Doctor Killcare will . . .

Change motoring ills to driving thrills

Lubrication Department. "Ready, aim, fire!" Our grease-gun soldiers are sure shots—they hit every spot that needs lubrication.

Brakes Department. Let "Doc Killcare" adjust your brakes periodically—then drive with confidence. Keep on the safe side.

Accessories Department. You have access to the most complete stock of Chevrolet accessories in town right here!

Wash Department. Keep that new car complexion with a periodic wash and car polish here—done by experts in *less* time.

Tune-up Department. You can hum sweetly along the highway when our experts finish tuning up your automobile.

Carbon Department. Smudge, sludge, carbon, congestion—maybe your engine needs a *good cleaning out* by Dr. Killcare!

Body Department. Bodies that are smooth, keen on the eyes, come from our body, touch-up and paint department.

Alignment Department. We advise letting Dr. Killcare align your car's front wheels periodically to save your tires and make steering easier.

Electrical Department. It's no shock to pay for this check-up service for generator, starter, lights, and distributor. Batteries for today's game will win your favor, too.

Church Corner

By Edythe Fraetis

We welcomed quite a number of visitors at the Sunday School session as well as in the church services.

The pastor announced that evening services will not begin until September.

The Bible Study Group will meet on Thursday evening this week instead of Thursday. Mrs. Henrietta Pepper will lead.

Dr. D. C. Williams read portions of Scripture from Daniel and Revelation, using the phrase "and the Books were opened" as the basis for his sermon.

He spoke of how nearly universal and how important libraries are, and the fact that the development of the human race almost depends upon books.

Everyone of us is a book. People read us and we read them, no matter where we go. We are walking books. It is good to reiterate daily, "I am an open book."

First we reveal ourselves as a "Book of Words." The importance of this book strikes when we reflect on how tragic it is when one grows to manhood witihout the power of speech.

Secondly we are judged by our actions and so we have the "Book of Deeds." erformance is crystallized thought.

Next is the "Book of Tears." Grief is often caused by man's inhumanity to man. Not all sorrow is due to the loss of loved ones. Never speak words that make another's burden heavier.

Then we have the "Book of Warning." To keep our unwary feet guided straight we constantly need the prayer. "Lead me not into temptation." Above all there is the "Book of Life." Men verge, one and all, to that great eternity where the "Book of Life" will be opened. All will be revealed, and we shall be free from the claims of Satan.

PLAN NOW -

For Your 1950 Turkey Ranch

at Rancho Sun Valley

Joshua Tree, California

Don't wait until a few weeks before the Poults are scheduled to arrive to start thinking about brooder houses, hovers, fences and feed.

See **RANCHO SUN VALLEY** and make your first step toward entering into this profitable and interesting way of life in the only "full fledged" turkey community in the "High Desert" where growing turkeys has the natural benefits of dry climate.

From Rancho Sun Valley's 19 active turkey ranches some 50,000 turkeys will go to the 1949 fall markets. In 1950 there will be more ranches, many more turkeys. You may want to be among this group of growers who are opening up new horizons in the turkey growing business. For information write —

Bandleader Horace Heidt has donated an insecticidal fog machine to tour California's San Fernando Valley. "Kill a fly a day—it keeps polio away" is Heidt's slogan.

CBS' "Call the Police" star George Petrie will be seen this Fall in the film "Swiss Tour B-15" with Cornel Wilde.

Emcee Bud Collyer doesn't ask just any questions on the CBS daily quiz "Winner Take All." The queries are specifically designed to inform contestants and listeners on affairs of the day and to debunk fallacies.

Beverly Wills, who plays Fuffy on CBS' "Junior Miss" recently took second prize in a high school poetry contest. The 15-year-old daughter of Joan Davis, in contrast to the comedy she plays on the air and in pictures, wrote a serious poem about a dog and a blind man.

Beverly Wills

Kansas-born Ed Pawley, NBC "Big Town" star, is conducting experiments in organic farming and scientific goat feeding on his upstate New York farm.

"Lazy Bones!"

By Betty Barclay

"LYIN' in the sun. How you 'spect to get your day's work done?" Well, there is no harm in ignoring some of the day's work during the lovely summer days that tempt us to be out. But we still have to eat! There is consolation, though, in the fact that most of us eat less, and more lightly when it's hot. And that's where Fluffy Omelet comes in. For a quick, easy main dish that is still substantial enough to be satisfying, yet light enough to tempt summer appetites, you can't beat a good omelet. And if you want it to reach the table still looking temptingly puffy and light, learn the little trick of using tapioca, as suggested in this recipe for Fluffy Omelet.

Fluffy Omelet

2 tablespoons quick-cooking tapioca; ¾ teaspoon salt; ⅛ teaspoon pepper; ¾ cup milk; 1 tablespoon butter; 4 egg yolks, beaten until thick and lemon-colored; 4 egg whites, stiffly beaten.

Combine tapioca, salt, pepper, and milk in saucepan. Place over medium heat and cook until mixture comes to a full boil, stirring constantly. Add butter. Remove from heat and allow to cool slightly while beating eggs. Add egg yolks and mix well. Fold into egg whites. Turn into hot, buttered, 10-inch skillet. Cook over low heat 3 minutes. Then bake in moderate oven (350° F.) 15 minutes. Omelet is sufficiently cooked when a knife inserted comes out clean. Cut across at right angles to handle of pan, being careful not to cut all the way through. Fold carefully from handle to opposite side and serve on hot platter. Makes 4 to 6 servings.
